# 2026 MEETING SCHEDULE

As our organization and the broader homeless response system have grown, our focus has shifted toward helping individuals and families transition into stable housing. To support this work, we're prioritizing internal planning, partner coordination, and case management meetings. While coalition meetings remain an important space for collaboration and community updates, they now serve primarily as a forum for shared learning and connection rather than detailed planning or task assignments.

For these reasons, beginning in 2026, coalition meetings will shift to a quarterly schedule, complemented by two annual networking events held during our regular meeting times. We also encourage coalition members to attend MACH's quarterly General Membership meetings to stay connected and informed.
