

CATAWBA AREA COALITION FOR THE HOMELESS

# Volunteers Needed

We are currently looking for individuals who are interested in assisting us with the 2023 Point-In-Time (PIT) Count for York County.

## What is a PIT Count?

The PIT Count is a count of all individuals experiencing homelessness on a single night in January. The data collected includes the number of sheltered and unsheltered individuals experiencing homelessness as well as important demographic information on the homeless population. This data is crucial when it comes to securing funding to address homelessness and helping service agencies better serve individuals experiencing homelessness.

## Volunteer Requirements:

- Be present the day/night of the PIT Count (January 25th)
- Attend volunteer training (dates to be announced)
- Willingness to serve
- Ability to work well on a team

## Registration Deadline:

**December 23, 2022**

## Interested in volunteering?
